

Wyse Viance™

Desktop Appliance for Citrix XenDesktop

Fact sheet

WYSE
| | | |

The Wyse Viance Desktop appliance is specifically designed for the Citrix XenDesktop infrastructure

Maximum User Experience. Minimum Administration.

Specifically created for Citrix XenDesktop and with knowledge workers in mind, the all-new Wyse Viance high performance desktop appliances are designed to both maximize the user experience and minimize administration across a virtualized infrastructure.

Ready to login in seconds, Wyse Viance immediately connects to the Citrix XenDesktop server, and is the only desktop appliance that can deliver rich multimedia (such as smooth video and audio playback) in a XenDesktop session. This is made possible through the built-in Wyse TCX™ virtualization software.

In summary, Wyse Viance desktop appliance users gain simple, fast access to their virtualized desktops, their applications of choice and documents without compromising data security or performance.

High performance virtual desktops.

With a simple automatic set up, fast deployment, minimal user training and optional auto-upgrade, Wyse Viance desktop appliances minimize initial day-to-day administration and ongoing desktop support.

Wyse Viance desktop appliances are diskless, fan-less, and extremely green – drawing just 13.2 watts of power – giving a far smaller carbon footprint than a typical business desktop PC. Their compact form-factor includes a wide array of USB, Ethernet and display connectivity as well as support for wireless access.

All Wyse Viance desktop appliances come with Citrix Ready Plus Designation.

At a glance:

User Experience

- Maximizes the benefits of Citrix XenDesktop by always being seconds away from direct user access to virtual desktops
- Fan-less, convection cooled and silent in operation
- Runs smooth multimedia and audio with built in support for Wyse TCX™ Multimedia

Secure Access

- No hard drive means no data is lost if the unit is lost or stolen

Connectivity

- ICA® 10.x client compatible for Citrix XenDesktop infrastructure
- 3 USB ports
- Fast LAN access
- Supports optional wireless access
- Connects to VGA & DVI displays

Management

- Automatic set-up, fast deployment, minimal user training
- Auto-upgrade facility
- Desktop, wall or back-of-monitor mounting
- Wyse Device Manager for minimal day-to-day on-going support and remote monitoring

Wyse Viance™ Desktop Appliance for Citrix XenDesktop

Hardware Specifications

Processor	Via C7-Eden
I/O peripheral support	One DVI-I Port One DVI-I Port to VGA (DB-15) Adapter Enhanced USB keyboard with PS/2 mouse port and Windows keys PS/2 mouse included One serial port, One parallel port Three USB 2.0 ports (1 on front, 2 on back)
Networking	10/100 Base-T Fast Ethernet twisted pair (RJ-45)
Display	VESA monitor support with Display Data Control (DDC) for automatic setting of resolution and refresh rate Single Monitor at 24-bit/16.7M colors: up to 1600x1200@85Hz
Audio	Output: 1/8-inch mini, full 16-bit stereo, 48KHz sample rate Input: 1/8-inch, 8-bit mini microphone
Physical characteristics	Height: 7.9" (201mm) Width: 1.8" (46mm) Depth: 7.1" (180mm) Shipping Weight: 8 lbs. (3.6kg)
Mountings	Vertical foot (optional horizontal feet) Optional VESA mounting bracket
Power	Worldwide auto-sensing 100-240 VAC, 50/60 Hz Average power usage with device connected to 1 keyboard with 1 PS/2 mouse and 1 monitor: 13.2 Watts/hour
Temperature Range	Horizontal position: 50° to 95° F (10° to 35° C) Vertical position: 50° to 104° F (10° to 40° C)
Security	Built-in Kensington security slot (cable sold separately)
Safety Certifications	German EKI-ITB 2000, ISO 9241-3/-8 cULus 60950, TÜV-GS, EN 60950 FCC Class B, CE, VCCI, C-Tick WEEE, RoHS Compliant
Warranty	Three-year limited warranty
